

ARO Program

The Body Wise Automatic Reorder Program (ARO) gives you free shipping, extra savings, plus the convenience of having a fresh supply of nutritional supplement delivered to your door monthly, bimonthly or quarterly, so you never run out.

You will receive 10% of your total ARO purchase credited to your new ARO account. Accumulate ARO dollars to earn free products.

For example: If you have a supplement that costs \$79.95 on ARO, you'll receive \$7.95 that month paid to your ARO account.

How To Use ARO Dollars

To redeem your ARO dollars, you'll need to be on an ARO for at least three consecutive months. During the fourth month, simply contact Customer Service to choose your product and cash-in your ARO dollars. (ARO dollars cannot be used in lieu of a regular ARO order.)

The purpose of ARO dollars is to reward you for your loyalty and encourage you, your team and your customers to try products that you don't normally receive on your ARO. These dollars cannot be used to pay for shipping and handling, sales tax, Consultant sign-ups, or marketing materials.

Remember:

- The minimum ARO order is \$39.95; maximum is \$600.
- You must maintain your ARO. If you put your ARO on hold, you will need to begin again with an ARO for 3 consecutive months before you accumulate points.
- ARO reward dollar product will be non-commissionable and not count towards your volume or rank advancement.
- You must have enough ARO dollars in full for each product that you order. You will not be able to use a combination payment of cash/credit and ARO dollars for a single product or kit.
- ARO dollars cannot be used towards your ARO.
- If you cancel or return your ARO or become inactive, you forfeit your accumulated ARO dollars.
- You must be on an ARO in order to redeem your points.
- ARO dollars must be used within 12 months, or they will be forfeited.
- Products redeemed with ARO dollars cannot be returned for credit or exchanges.
- ARO reward products can only be shipped to your address on file.

- ARO rewards cannot be applied to items on sale.
