

BODY WISE®

Optimal Nutrition Since 1989

INTRODUCING NEW ...

“There is nothing else like Super OptimEyes on the market! It is the **only supplement** that **supports total eye health** and **vision protection**.”*

Stephen Kohl, M.D.,
the ophthalmologist who formulated
Super OptimEyes

Now with 20 mg of lutein
and 4 mg of zeaxanthin.

SUPER OPTIMEYES SUPPORTS VISION 6 WAYS*

- ✓ Retina health*
- ✓ Macular health*
- ✓ Clear focus*
- ✓ UV rays*
- ✓ Blue light*
- ✓ Night driving*

COMPREHENSIVE NUTRITIONAL SUPPORT FOR YOUR EYES*

AT WORK –

Are your eyes strained and tired by computer glare, office lights and smartphones?*

AT PLAY –

Is your vision being damaged by the sun's harsh UV rays?*

AT NIGHT –

Would you like to drive at night with more confidence in your vision?*

Lutein 10 mg
Zeaxanthin 2 mg
Vitamin C 500 mg
Vitamin E 180 mg
Zinc 80 mg
Copper 2 mg
Vitamin A 8.592 mcg

Lutein and Zeaxanthin – Essential nutrients for the eye. These carotenoids support retina and macular health, along with clear focus. They help filter out the most harmful wavelengths of UV rays in sunlight and blue light from computers, smartphones and TV.

Selenium – A powerful antioxidant that activates the antioxidant enzyme glutathione peroxidase to help neutralize excess free radicals and protect cells from oxidative damage. Excess free radicals create oxidative stress, which is associated with many eye health issues.*

Taurine – Plays a key role in supporting visual receptor cells in the retina and visual acuity in the macular. It also helps refresh tired eyes.*

N-Acetyl-L-Cysteine – An antioxidant that helps protect the retina from oxidative stress,*

Ginkgo Leaf Extract – Supports blood circulation to the eyes and helps protect eyes from oxidative stress.*

Bilberry Fruit Extract – Supports night vision. Its abundance of anthocyanosides provide antioxidant protection and help soothe blood vessels in the eye. Bilberry is also a source of antimicrobial tannins that contribute to eye health.*
